Building a career at Granite may be the most valuable thing you could do...

Are you interested in the opportunity to work for an industry-leading company that will give you the experience and exposure you need to build your career and personal brand? If so, then you’ve come to the right place!

Since 1922, Granite Construction has continued its long standing commitment to building some of America’s largest infrastructure projects including highways, bridges, dams, rail, and power. Recognized as one of the top 25 largest construction companies in the U.S., Granite specializes in complex infrastructure projects and provides award-winning construction services in mining, earthwork, water/sewer, power, tunneling, rail, highway and bridge construction. Granite also produces construction materials—sand, gravel, ready-mix, recycled asphalt product and asphalt concrete, and is a proven leader in alternative procurement project delivery.

At Granite, our employees are our most valued asset and we are passionate about retaining, developing, and recruiting the best talent available. Our employees reflect our core values: Honesty, Integrity, Fairness, Accountability, Consideration of Others, Pursuit of Excellence, Reliability Safety and Citizenship and we are continuously looking for individuals who possess a winning attitude and share our Core Values. In exchange, we help you build a career that no other company can duplicate. You will be part of a learning culture, where teamwork and collaboration are encouraged, excellence is rewarded, and diversity is respected and valued. Add our award winning safety program, ethics, reputation, and a commitment to continuous improvement and you’ll see that we are building more than infrastructure— together, we are building your future

General Summary

This position is responsible for the optimization of the group’s real estate assets by providing oversight, analysis, and guidance to management on all aspects of real estate, including reviewing, revising and negotiating real estate leases and purchase agreements.

Essential Job Accountabilities

1. Perform periodic real estate portfolio evaluation, and monitoring with regional management to encourage timely and beneficial real estate management decisions, including disposition through the sales process for selected properties as identified by company policy

2. Provide leadership, financial analysis, and direction for the group’s real estate activities to ensure effective and fiscally prudent decisions and execution.

3. Conduct market research and highest & best use evaluations. Acquire knowledge of each market including current and future trends in demographics, job growth, economic drivers, current and
forecasted product supply, as well as any additional market drivers to support effective end-use planning.

4. Work with business units to align real estate activities with the company’s Sustainability Plan to encourage responsible land stewardship, and positive brand recognition.

5. Work with business units to develop and implement business plans for each asset, taking the full asset lifecycle into consideration to maximize land residual value.

6. Manage the group’s real estate investments, including partnership agreements and overall interest in investments, including partner relations to maximize value, coordinate divestment when appropriate, and ensure compliance with company credit covenants and other company policies and procedures.

7. Determine proper accounting treatment for all real estate investment ventures to ensure accurate accounting and compliance.

8. Review and consolidate quarterly financial information received from real estate investment partners’ to ensure accurate and timely reporting.

9. Advise management on the accounting and financial implications of real estate activities to support sound decision making.

10. Serve as support role for environmental compliance activities at properties (facilities and shops) including coordination and management of inspections, compliance evaluations, environmental permit/plan management and document control/management.

11. Coordinate with various company departments (i.e.: General Accounting, Legal, Tax, Treasury, Corporate Development, Operations), and outside parties (i.e.: tax preparers, venture partners, lenders, attorneys, brokers) to support business objectives and ensure compliance.
